## EDUCATION

PES College of Engineering  
BE in Computer Science  
CGPA: 6.89

Mandya, Karnataka  
Expected Graduation, May 2025

## CAREER OBJECTIVE

Targeting a Full Stack Developer role with a prestigious organization that offers opportunities for knowledge enhancement and career growth.

- **Proficient in Full Stack Development:** Extensive experience with React.js, HTML5, Tailwind CSS, and JavaScript for front-end development, along with expertise in managing back-end tasks and integrating APIs.
- **Project Management Skills:** Proven track record of independently managing and delivering projects, from initial design and development through to deployment and maintenance.
- **Commitment to Continuous Learning:** Dedicated to keeping up with the latest industry trends and technologies, with a strong focus on enhancing skills and providing innovative solutions.

## PROJECTS

CareerPath ATS

June 2024 – July 2024

Tools: Python, Google Gemini Pro Vision LIM Model, Streamlit

An Applicant Tracking System to streamline recruitment, featuring user registration, job posting, application tracking, and resume parsing to enhance recruiter-candidate collaboration.

Responsibilities:

- Developed the front-end and back-end using Python and Streamlit, ensuring a modern and responsive layout.
- Utilized Google Gemini Pro Vision LIM Model to enhance resume parsing capabilities.
- Implemented interactive elements and features to improve user experience and collaboration.

Managed the entire project independently, from initial design to final deployment.

CodePen Code Editor

December 2023 – January 2024

Tools: React.js, HTML5, Tailwind CSS, JavaScript, Material.io

A clone of the CodePen text editor, featuring a sleek, user-friendly interface for coding and live preview functionality.

Responsibilities:

- Developed the application using React.js, incorporating Material.io for a polished design.
- Used HTML5 and Tailwind CSS to build a responsive and intuitive user interface.
- Implemented live code editing and preview capabilities to replicate the CodePen experience.
- Managed the project from concept through to completion, ensuring functionality and usability.

## SKILLS

Programming Languages – C, C++, Python

Frontend - JavaScript, HTML/CSS, SQL, React.js, Next.js

Backend - Node.js, Express.js, Firebase

Database - SQL, NoSQL, MongoDB
